

Brighten up your summer campaign with colored glass

Remarkable models and shapes

The wide range of Drinkwear glass from the Glass Collection surprises with its diversity and interesting shapes. You can choose from various models of glasses, mugs or beer mugs.

A wealth of colors

Go crazy with color and color the selected model in any color from the Pantone palette. Regardless of whether you choose bright and dynamic colors or subdued and elegant shades, our glass products are the perfect platform to display your logo and company values.

Surprising coloring

Surprise your customers and offer them the opportunity to strengthen their branding through non-obvious places of coloring. In addition to coloring the entire product, we also color its selected elements, e.g. the bottoms.

Impressive decorations

Using the latest technologies, such as laser engraving or spectacular prints, we ensure precise and durable execution of each project that will delight the recipients.

Extremely wide selection

The versatility of our glass offer makes it easy to choose a model that perfectly suits the occasion and type of drink. Additionally, you can personalize it according to the customer's needs, enabling individual adaptation to various advertising campaigns or promotional campaigns.

European origin

The Glass collection also has a wide selection of glass of European origin. If you value European quality and style, you will certainly find the perfect product here.
